Dear Members of the Texas Mathematical Association of Two-Year Colleges,

I am delighted to extend a warm welcome to each of you as we embark on another promising year within our esteemed association. It is my honor to serve as your President and to be a part of this dynamic community dedicated to advancing mathematical education across Texas.

Our association plays a vital role in promoting collaboration, innovation, and excellence in teaching mathematics at the two-year college level. Together, we strive to enhance the learning experiences of our students, prepare them for successful academic and professional futures, and contribute to the broader mathematical community.

Throughout this upcoming year, we have exciting plans to foster professional development opportunities, share best practices, and engage in meaningful discussions on the evolving landscape of mathematics education. Your involvement and contributions are crucial as we work together to shape the future of our discipline.

I encourage each of you to actively participate in our events, committees, and initiatives. Your insights and expertise are invaluable assets that strengthen our association and benefit all members. Together, we can achieve great things and make a lasting impact on mathematical education in Texas.

As we begin this journey together, I look forward to collaborating with all of you and witnessing the positive outcomes of our collective efforts. Thank you for your dedication and commitment to advancing the field of mathematics in our community colleges.

Warm regards,

*Cristina Roxana Dita*

President, Texas Mathematical Association of Two-Year Colleges

### TexMATYC is local for you!
