

President's Message

Greetings All! It has been a hectic few weeks as we have prepared for and begun our Fall 2023 Semester at Temple College. It has also been an exciting time to fellowship with faculty and meet a new group of students.

I hope to meet many of our TexMATYC members at the 49th AMATYC Annual Conference, Omaha, NE. <https://amatyc.org/page/2023conhome>

Additionally, TexMATYC will convene for the 77th Annual Conference in Frisco, Texas as part of TCCTA from February 29-March 2, 2024. The TexMATYC Board welcomes and encourages your attendance. I look forward to meeting up with old friends and making new ones.

In 2024, TexMATYC will be holding elections for board positions. Positions open for voting are President Elect (VP), Secretary and Treasurer. TexMATYC also has an appointed position of Webmaster in training. We are currently recruiting members who are interested in serving on the TexMATYC board. Members will be receiving an email request for nominations soon.

I would like to encourage members to take time for their own health and well-being. I am taking a weekly Yoga class offered on our campus through our Business and Continuing Education division. I hope that each of you have opportunities to advance your physical and mental health as you support your students.

Prudie York-Hammons, TexMATYC President

TexMATYC Members & Recruiting
